Things to Remember:

Your GOWTL number is IMPORTANT – WRITE IT DOWN and KEEP IT SAFE!
Your TEAM number is IMPORTANT – WRITE IT DOWN and KEEP IT SAFE!

All players must be added to the ONLINE ROSTER – including Subs.
All Subs must be marked as Subs – when registering AND when entering scores.

Scores are always entered with the Court Winner's Scores FIRST.
(ie. 6-2, 2-6, 7-6)

Captains – print your scoresheets from your Team Page – click on the match number and then on the yellow box to print the scoresheet.

Join GOWTL:

Used to Join **FOR THE FIRST TIME** – fill out the form, a GOWTL membership number is generated – WRITE IT DOWN AND KEEP IT – you will need it! **Be sure to join for the correct GOWTL season!** Payment is done online via PayPal – you can use a PayPal account or a major credit/debit card. The payment goes through PayPal – PayPal holds the merchant account and keeps your sensitive financial information secure. GOWTL does NOT keep ANY financial information on GOWTL members at any time. You will get an email receipt from PayPal when your payment is complete. If you do NOT receive an email receipt from PayPal, your membership payment is NOT complete. If you absolutely cannot pay online, please contact your captain and ask her to pay for you.

Renew/Edit Membership:

Used to RENEW or EDIT your GOWTL membership. Your GOWTL membership number is required to take you to YOUR GOWTL membership account. You will be able to view your membership information and make changes if needed. **Be sure to renew your membership for the correct season!** Once your edits (if needed) are complete, you will make your payment – as outlined above.

If you mislay your GOWTL membership number, your team captain or your Division Chair can retrieve it for you – please see the information for the Captain's Page and the Administrative Page below.

Register for a Team:

Once you have renewed your GOWTL membership for the correct season (or have joined for the first time); you will be able to register for a GOWTL team. There is NO CHARGE to register for a team. Your team captain will give you the GOWTL Team Number. You will register for your team using your GOWTL membership number AND your GOWTL Team number. **You must join the team for the correct season!** There are boxes to check if you are a Captain, Co-Captain or a Sub – if you are none of these things **for this team**, do NOT check any boxes. When you have completed the form, you will get a message telling you of your success – or failure. Failure would occur if the membership number is not for the current season, if the person signing up has a GOWTL rating that is too high for the team, if the team number is incorrect or if the season (either the member's season, or the team's season) is incorrect or doesn't match.

THIS WILL NOT ALLOW YOU TO FIND A PLAYER'S GOWTL MEMBERSHIP NUMBER. GOWTL membership numbers are ONLY available on the Captain's Page and the Administrative Page – see below.

Captain's Page:

Log-in is required – you must be a captain or co-captain to be able to log-in to this page. Links on this page include:

- **Score Entry –**
 - Click this link, enter the Match Number (found on the Team Page and at the Top of the Score Sheet)
 - Click Continue if the match that comes up is correct – go back and correct the Match Number if needed
 - Scores are entered Court by Court starting with Court 1 and continuing through all courts.
 - Choose the Player's names from the drop-down lists. ALL Players (including subs) must be included on each team's roster in order to be included in the drop-down lists. Unless a court has been defaulted, ALL Players must be named on every Score entry. **Click the Sub box next to any Player's name who played as a sub in that match.** Enter the scores for that court:
 - **Important! SCORES ARE ALWAYS ENTERED WITH THE COURT WINNERS SCORES FIRST.** For example: 6-2 – Visitors; 6-3 – Visitors – Visiting Team won that court; or 3-6 – Visitors, 6-1 – Home, 7-6 – Home – Home Team won that court. **Always choose the result from the drop-down list** – your choices are: Completed, Retired, Default, Double-Default, Not Played.
 - **Retirement:** if the match is not completed due to one team retiring, enter the scores as above – the team that did NOT retire is the winner – the NON-RETIRING Team's scores are entered first. For example: 3-6 – Home, 2-2 – Visitors – Visitors won the court – EVEN THO' THEY LOST THE FIRST SET – their scores are entered first because the Home Team retired.
 - **Default:** this is scored 6-0; 6-0 – the team that 'won' the court MUST have players names entered. The team that defaulted will have NO players names entered. Match histories do not count defaults as Wins.
 - **Double-Default** – this is entered 0-0, 0-0 – Double-Default – neither team gets a win for this court. NO NAMES SHOULD BE ENTERED.
 - **Not Played** – this is used if the Division is not playing 5 full courts – the courts that are not played have no players names entered and no scores, but the choice 'Not Played' is entered for the Court Result.
 - **Important!** After you enter the final court, you will have the opportunity to look over everything you have entered – AT THIS POINT, you can use your back-button on your browser to go back and correct any mistakes. You will need to re-enter all subsequent courts from where the mistake occurred. Once you are satisfied with the scoring, **YOU MUST CLICK CONTINUE to CONFIRM THE SCORES AND ADD THEM TO THE DATABASE. PLEASE CLICK THE CONTINUE LINK ONLY ONCE.**
- **Find A Player** – this is used by Captain's to find the GOWTL number and rating of any GOWTL member. This can be used to assist your team members and/or to find sub membership numbers to add them to your roster.

If this needs to be a different facility, click on Edit (next to the match in the list of all the matches) and change the Facility. If you make a mistake and wish to delete a match, click on Delete next to the match in the list of all the matches. **When a make-up is scheduled, the Division Chair will go to this list, find the match to be edited and edit the match date so that the match shows up in proper sequence as it will be played. PLEASE NOTE – once a match has been scored, it can no longer be edited or deleted.**
- **Update Ratings** – this link is used to update player ratings after the Coach's meeting and all players needing review have been done. Players enter their own beginning rating when they FIRST join GOWTL – after that, they cannot adjust their rating – only Board Members can make changes to their rating. Click on the link to find the alphabetical list of all players – click on Change Rating next to the one you wish to change. You will need to enter the new rating and the source of that rating.
- **Member Contact List** – from the Admin. Page, the Member Contact List includes each player's address, email and both phone numbers (as entered by the player when they joined/renewed GOWTL). This page has recently been updated to include ALL members on one page.

Archives:

This link allows you to find a player or a season to view the player history or the division standings from the past (starting with the 2010 – 2011 season). You must know the full, exact name of the player to find their archived history. There are also links to pdf files showing the win/loss percentages from archived seasons.

DIVISION PAGES:

Each Division Page shows the current standings for that Division.

At the top of the standings are links for Division News, 80% wins/losses and Banquet Tickets (in yellow boxes). The 80% wins/losses and the Banquet Tickets links are posted at the end of each season. There is also a link to allow you to print the schedule for the Division.

Division News is where any information your Division Chair has posted for you is located.

80% Wins/Losses is the CURRENT list of all players with 80% wins or 80% losses. This list is up to date as of the latest scores entered in the database. It can be sorted by any heading colored blue.

Banquet Tickets Link allows you to buy GOWTL Banquet Tickets Online via PayPal.

The team names in the Standings are links to each Team Page.

TEAM PAGES:

At the top of the page are two links in yellow boxes – one to print the roster and one to print the schedule for the team. Printing the roster requires log-in as it contains the cell phone and email address of the rostered players.

Each Team Page shows the current Roster of the team including the rating of each player and Sub designation. The Roster also shows where each Rating was obtained (League, Facility Pro, Rating Clinic or USTA) and the payment status of each player. ALL PLAYERS must be PAID for the season BEFORE they can play in a match. This page also shows the Captain and Co-Captain, the Team's Facility, the number of matches currently played,

the number of matches won and lost and the current win percentage. There is space for a small team photo – if you wish to have a team photo on your page, please email it to: martieh@cox.net. If you don't send a team photo, the default cartoon will be used.

Under the roster, is the schedule for the season for that team. Clicking on the match number allows you to see the scores for that match if it has been played and scored or to print a blank score specifically for that match if it has not been scored. This schedule should be kept up to date at all times – when a match needs to be rescheduled, the captains must inform their Division Chair of the new date so that she can adjust the schedule. If this is kept up to date, all captains can see who has played where and when and at what court very easily. The Division Chair should keep an eye on these schedules to make sure that each match is scored in a timely fashion (or rescheduled in a timely fashion).

Each Name in the Roster is a link to that Player's Page.

PLAYER PAGES:

Each Player's Page is their match history. It contains the player's name, their current rating and the teams they are rostered on (either as a rostered member or a sub). It shows the number of matches played, number of wins, number of losses and the win/loss percentages. There is a link to create and print a pdf of this information.

The list of matches shows the complete playing history for the current season. The date of the match, the court played, the scores, the winners and the division. All subs should be noted with (Sub) after their name.
